Call for Accounting Instructors
UCSB Division of Professional and Continuing Education (PaCE), formerly known as Extension is seeking dedicated, responsible, and experienced professionals interested in sharing their knowledge and experiences as an instructor for entry-level accounting courses.

Designed for students entering Accounting Professional Certificate Programs, **Principles of Financial Accounting I** and **Principles of Financial Accounting II** cover fundamental principles and procedures of financial accounting. Emphasis is placed on developing the technical procedures of the accounting cycle including journalizing, posting, adjusting entries, closing procedures and preparing financial statements.

Additional topics include:
- Current assets and liabilities
- Property
- Plant and equipment
- Long-term liabilities
- Sole proprietorships, partnerships, and corporations

These 10-week long courses are taught face-to-face on weekday evenings once a week. Teaching appointments are by agreement for the length of the course section. You can apply here, or contact us at jobs@professional.ucsb.edu for additional information.

The University of California is an Equal Opportunity/Affirmative Action Employer. We are always looking for dedicated instructors in various subject areas. Please visit our website for opportunities to teach UCSB PaCE and email jobs@professional.ucsb.edu and attach your CV and cover letter (new program ideas and course proposals are also welcome).
